THE OPPORTUNITY

The Nutrition Revenue Opportunity

Most trainers leave thousands on the table every month by not offering nutrition services.

TRAINERS CURRENTLY OFFERING NUTRITION

23%

That means **77% of trainers** are missing this revenue stream entirely

$75-$150	3x	89%
ADD-ON REVENUE PER CLIENT / MONTH	CLIENT RETENTION INCREASE	CLIENTS WANT NUTRITION GUIDANCE

📈 Why Nutrition = Revenue Growth

- ✓ Clients already trust you with their fitness -- nutrition is a natural extension
- ✓ Meal plans take minutes to create with the right tool (not hours)
- ✓ Nutrition clients stay **3x longer** than training-only clients
- ✓ Average add-on revenue of **$75-$150 per client per month**
- ✓ Zero additional space, equipment, or scheduling needed

Bottom line: If you have 10+ clients and no nutrition offering, you're leaving **$750-$1,500/month** on the table -- every single month.

REVENUE MODEL 1

Per-Plan Pricing

The easiest entry point -- charge per custom meal plan with no ongoing commitment.

REVENUE FORMULA

Clients × Price/Plan × Plans/Month = Monthly Revenue

📊 **Per-Plan Revenue Scenarios**

CLIENTS	PRICE/PLAN	PLANS/MONTH	MONTHLY REVENUE
5	$50	2	**$500**
10	$50	2	**$1,000**
10	$75	2	**$1,500**
15	$75	2	**$2,250**
20	**$100**	**2**	**$4,000**

✅

Pros

Low client commitment. Easy to sell as an add-on. Flexible pricing per plan complexity.

⚠️

Considerations

Less predictable revenue. Requires ongoing plan creation. Clients may skip months.

Target scenario: 10 clients × $75/plan × 2 plans/month = **$1,500/month**

REVENUE MODEL 2

Monthly Retainer

Ongoing nutrition coaching with predictable, recurring revenue every month.

REVENUE FORMULA

Active Clients × Monthly Retainer = Recurring Revenue

💰 Monthly Retainer Revenue Scenarios

10	$100	**$1,000**	**$12,000**

PREMIUM BUNDLE FORMULA

Training + Nutrition Package × Clients = Premium Revenue
